

Standard Cohort-Survival Enrollment Projection

This standard cohort-survival enrollment projection is provided by the New Jersey Department of Education (NJDOE) for use in the district's Long Range Facilities Plan (LRFP). One projection year, three to five years in the future, should be entered as "Proposed Enrollments" in the Enrollment section in the LRFP system. The district should contact the NJDOE at LRFPsubmission@doe.nj.gov prior to finalizing its LRFP amendment if an alternate projection is proposed.

PK projections are determined by the District and should be entered in the LRFP system. Private providers should be excluded from preschool enrollments if NOT using district-operated facilities.

Special education grade group totals include all classified students as reported in the ASSA. These students can be accommodated in general or dedicated special education classrooms.
